► Provides a concentrated source of B-Vitamins to help support energy metabolism and growth.

► Additional Vitamins C and E plus selenium provide enhanced antioxidant support and help support the foals developing immune system.

► Ready to use in easy paste form.

FEEDING DIRECTIONS

For foals one week of age or older, administer 3 cc per 100 lb body weight per day. Use FOAL-AIDE until the foal is consuming the recommended amount of BUCKEYE™ Nutrition Foal Starter. FOAL-AIDE provides vitamins and trace minerals to support proper bone health in young, growing foals.
