**FEEDING DIRECTIONS: BUCKEYE SENIOR COMPLETE PELLET**

Feed at regular times, at least twice daily with three daily feedings preferred. Feed according to the amounts shown below which are based on the weight of your horse and their level of work.

**For Mature Horses:** The following chart is the amount of Buckeye Senior Complete to feed in pounds/day showing minimum and maximum with the minimum lbs of hay per day shown (in parenthesis).

| <u>Average Daily Work:</u> | <u>Weight of Mature Horse (lbs)</u> |                      |                     |
|----------------------------|-------------------------------------|----------------------|---------------------|
|                            | <u>660-880</u>                      | <u>880-1100</u>      | <u>1100-1320</u>    |
|                            | <u>MIN-MAX (Hay)</u>                | <u>MIN-MAX (Hay)</u> | <u>MIN-MAX(Hay)</u> |
| Idle/Inactive              | 5.5 - 9.0 (8)                       | 7.0 -14.0 (8)        | 9.0 -16.0 (10)      |
| Less than 30 minutes       | 9.0 - 12.5 (9)                      | 10.5-17.5 (10)       | 12.5-19.5 (14)      |
| 30 – 60 minutes            | 10.5- 14.0 (12)                     | 14.0-21.0 (13)       | 17.5 -24.5 (16)     |

**For Senior Horses:** The following chart is the amount of Buckeye Senior Complete to feed in pounds/day showing minimum & maximum when fed as a complete feed\*.

| <u>Average Daily Work:</u> | <u>Weight of Mature Horse (lbs)</u> |                  |                  |
|----------------------------|-------------------------------------|------------------|------------------|
|                            | <u>660-880</u>                      | <u>880- 1100</u> | <u>1100-1320</u> |
|                            | <u>MIN-MAX</u>                      | <u>MIN-MAX</u>   | <u>MIN-MAX</u>   |
| Idle/Inactive              | 7.5 - 12.5                          | 10.0 -20.0       | 12.5-22.5        |
| Less than 30 minutes       | 12.5-17.5                           | 15.0- 25.0       | 17.5-27.5        |
| 30 – 60 minutes            | 15.0-20.0                           | 20.0 -30.0       | 25.0-35.0        |

If the horse is having problems chewing or swallowing, water may be added to make a mash. Feed as a complete feed\* if the horse has difficulty maintaining bodyweight or not shedding their hair coat like they did when younger.

\*all complete feeds should be fed 4 times/day

**1- PROVIDE FRESH, CLEAN WATER AT ALL TIMES EXCEPT TO HOT AND TIRED HORSES**

**2- MAKE SALT AVAILABLE FREE CHOICE**
