

# Buckeye® 18% Layer-Breeder Pellets

# 10550

TYPE OF FEED Complete

FORM OF FEED: Pellets

PACKAGING: 50 lb Paper Bags

SPECIES: Poultry

AGES: Laying hens, breeders and game birds

---

## FEATURES:

- Pelleted for improved performance and intake
- Reduces wastage and improves cleanliness
- Additional available Phosphorus and Vitamins, such as E for improved egg hatchability in breeding birds
- Contains high quality porcine meat meal as a natural source of Amino Acids, Calcium and Phosphorus
- Contains corn gluten meal as a source of betacarotene, a natural pigmentation for improved egg yolk color
- Contains added fat as an energy source

## GUARANTEED ANALYSIS

Crude Protein, min.	18.00%
Lysine, min.	0.85%
Methionine, min	0.38%
Crude Fat, min.	3.50%
Crude Fiber, max.	4.50%
Calcium, min.	2.70%
Calcium, max.	3.70%
Phosphorus, min.	0.65%
Salt, min.	0.10%
Salt, max.	0.60%
Vitamin E, min.	18 IU/lb

**INGREDIENTS:** Ground Corn, Soybean Meal, Porcine Meat Meal, Wheat Middlings, Corn Gluten Meal, Alfalfa Meal, Animal Fat (preserved with mixed tocopherols, citric acid and rosemary extract), L-Lysine, DL-Methionine, Calcium Carbonate, Salt, Calcium Phosphate, Manganous Oxide Ferrous Sulfate, Copper Sulfate, Zinc Oxide, Ethylenediamine Dihydriodide, Sodium Selenite, Vitamin A Acetate, Vitamin D<sub>3</sub> Supplement, Vitamin E Supplement, Menadione Sodium Bisulfite Complex (source of Vitamin K Activity), Riboflavin Supplement, d-Calcium Pantothenate, Niacin Supplement, Vitamin B-12 Supplement, Choline Chloride, Folic Acid, Pyridoxine Hydrochloride, Thiamine Mononitrate, d-Biotin.

**FEEDING DIRECTIONS:** Feed as the sole diet to laying hens and breeders for maximum production and for improved hatchability. Hens may also be fed 5 pounds of Buckeye® Layer-Breeder Pellets per 100 birds daily along with their regular ration to encourage additional daily feed intake for increased production. Maintain a clean, fresh supply of water and oyster shells available to the birds at all times. For top production, maintain light on the birds between 14 and 16 hours per day. Do not feed Buckeye® Layer Breeder Pellets to poultry, which are not in production because of the high calcium levels in the diet. This is particularly true of young growing birds.
