

PERFORM 'N WIN[®]

Product No. 39716/39720
NET WT 4 LB (1.81 kg)/ NET WT 20 LB (9.07 kg)

Electrolyte Supplement For All Horses

The only university tested and proven electrolyte on the market today	Combining years of scientific research for improved electrolyte response in the elite performance horse
Provides the ideal proportion of electrolytes based on studies including over 250 horses	Electrolyte levels proven to help replenish those lost in sweat during endurance-type exercise
Easy to use quick dissolve powder	Supports a more rapid absorption and uptake rate by your horse
Delays time-to-fatigue by nearly 25%	Supports longer, stronger and healthier performance from your horse
Can be used in horse's drinking water daily	Aids in replenishing vital electrolytes lost during training and performance
Added glucose sources	Helps provide energy for enhanced performance

GUARANTEED ANALYSIS

Sodium	1,120 mg	4.06%
Potassium	910 mg	3.27%
Chloride	2,600 mg	9.25%

INGREDIENTS:

Salt, Potassium Chloride, Magnesium Sulfate, Dextrose, Sucrose, Calcium Citrate, Fumaric Acid, Citric Acid Anhydrous, Silicon Dioxide, Natural and Artificial Flavor.

Enclosed scoop holds one ounce

FEEDING DIRECTIONS: General use: Mix one ounce into one gallon of water daily.

Preloading before an event: Mix three ounces in one gallon of water, one to two hours before the event.

Immediately after the event: Mix three ounces in one gallon of water for each hour of work complete.

Syringing instructions: Add one to two ounces into 60 cc of water and mix well. Draw mixture into a syringe and administer orally to the horse.

CAUTION:

- Do not feed to sick horses unless advised by your veterinarian
- If the PERFORM 'N WIN[®] powder is fed, water must be consumed at a minimum rate of one quart per ounce of PERFORM 'N WIN[®] consumed
