BUCKEYE[™] Nutrition products are formulated to be fed by weight. 1 qt of SAFE 'N EASY Senior weighs approximately 0.90 lb

SAFE 'N EASY Senior is designed to be fed with good quality forage, pasture or hay. If dental issues prevent older horses/ponies from chewing and digesting long-stemmed hay properly, provide a forage alternative such as SAFE 'N EASY Complete by BUCKEYE Nutrition at a minimum of 1.5% of body weight per day to support healthy digestion.

Provide clean, fresh water and salt at all times.

If feeding less than recommended amounts per day, add 1 lb of GRO 'N WIN, GRO 'N WIN Alfa or Senior Balancer by BUCKEYE Nutrition for every 3 lb of SAFE 'N EASY Senior underfed.
